SUMMARY

Fourth year software engineering student at KTH with an interest in programming, consultancy and management.

SKILLS

Languages: Python, JavaScript, HTML, Java, SQL, C#

Technologies: git, Node.js, React, Next.js, CAD, Windchill

EDUCATION

2023 - 2025 **M.Sc. Engineering in Computer Science** Kungliga Tekniska Högskolan
Computer Security / Artificial Intelligence / Principles of Programming Languages /
Protocols and Principles of the Internet / Advanced Algorithms

2020 - 2023 **B.Sc. Engineering in Media Technology** Kungliga Tekniska Högskolan
Human Computer Interaction / Object Oriented Programming / Applied Computer Science /
Interaction Programming / Machine Learning

EXPERIENCE

6/2023 - 8/2023 **Consultant Intern** PDSVISION
• PDSVISION is a company that offers and specializes in CAD, PLM, PDM, simulation modeling and AR. During my internship at PDSVISION I got certified in 3 programs, KeyShot, Creo Parametrics and Windchill. Furthermore, I worked with the AR engine Vuforia. I created an AR game using CAD for modelling and Javascript for the game logic and design. We were four interns during the summer internship working together on each project which further developed my teamwork and problem-solving skills.
CAD / PLM / AR / JavaScript

2021 - 2023 **Barista** Mellqvist Kaffebar
• Mellqvist has been featured as one of the best cafés in the city of Stockholm. A lot of the customers are regulars, and therefore an integral part of the job is about building relations with the customers. Furthermore, maintaining the relations includes memorizing over 50 customer's names as well as their regular order. As a barista, this workplace has helped me further develop my social skills, service mind, and ownership.

2018 - 2019 **Direct Operational IT Manager** Joe & the Juice
• I had the solo responsibility of the oversight of wireless networks, payment systems and cash handling within the company. I was the first person on the Swedish market with this title and it required a high amount of problem-solving skills and responsibility such as defining the role.

2017 - 2019 **Shift & Bar Manager** Joe & the Juice
• I led multiple franchise locations in key areas of Stockholm with focus on operational excellence. I streamlined workflow processes, optimized scheduling, and effectively onboarded new personnel.

2017 **Door-to-door Salesman** Viasales (previously Viafield)
• During my time in this position, I expanded sales techniques and customer interactions strategies through door-to-door sales experiences. I successfully addressed customer needs by offering tailored solutions through adaptability and understanding.

VOLUNTEERING

7/2022 - 6/2023 **General Manager | Klubbmästare** Chapter of Media Technology
• Responsible for running the bar/pub operation of the Chapter of Media Technology.

7/2022 - 6/2023 **Reception Team Leader** Chapter of Media Technology
• Team Leader of a group in the reception of the welcoming of new students to the Media Technology chapter.
